DETAILED ACTION

Allowable Subject Matter

Claims 1-5 and 11-20 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor fairly suggest a brain current source estimating method based on an electromagnetic field observed outside a scalp, the method comprising the steps of setting in a simulation of the brain, a plurality of computer simulated curved surfaces having depths different from each other and nonintersecting shapes, along with lattice points and automatically estimating on each of said simulated curved surfaces, a current distribution for recovering the observed electromagnetic field, wherein said step includes a step of setting, when said current distribution is estimated in accordance with variational Bayesian estimation, based on an expansion of the current distribution estimated on each one of said computer simulated curved surfaces and a difference between an electromagnetic field recovered based on said current distribution and said observed electromagnetic field, identifying one computer simulated curved surface among said plurality of computer simulated curved surfaces as a true curved surface on which said current source exists, so that said expansion and said difference attain relative minimums at said identified computer simulated curved surface; and outputting a position corresponding to said identified computer simulated curved surface as the position of said current source, wherein the above steps are performed by one or more computers programmed to perform the above steps. With regards to claim 16, the computer readable storage medium is construed to be a medium that is non-transitory, being consistent with the examples as disclosed in page 13 (lines 8-13) of the specification dated 06/28/2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
